

Burlington Area Chamber of Commerce

Dedication

When you join the Burlington Area Chamber of Commerce, you become a part of an active, concerned group of citizens who work to benefit you, your business and community. Collectively, Chamber members have the resources to deal effectively with matters that confront the Business community, resources that you may not have as an individual.

Our **Community Development Committee** strives to promote communication between Government, Industry, Retail, Education and Community Members and provide regular educational workshops and seminars for our member businesses and their employees.

Our **Community Marketing and Tourism Committee** sponsors and promotes the business sector and community with a variety of special events throughout the year. Our objective is to promote and support tourism efforts that lead to future vitality and prosperity in the Burlington Area.

Our **Treasurer/Planning Committee** works on membership, strategic planning, fund-raising, budget and finance, and our annual dinner. We employ a full time executive staff complimented by a core of volunteers to work with you on a daily basis. With the Chamber of Commerce office, we can keep you and the rest of the world abreast of the continual growth and development Burlington faces daily.

By working as a team toward a common goal, we strive to keep your business operating in a healthy environment.

Communication

We work for you and with you by providing quality services, while adapting to the changing needs of the community.

Chamber News—Your membership investment includes an annual subscription to “FOCUS on Burlington Business.” Our monthly newsletter keeps you informed on city, state, and national issues, important business and promotional news as well as upcoming meetings and seminars. It also gives you an insight into the individuals that make up the Chamber of Commerce.

Meetings and Seminars—Chamber functions, which often include valuable resource people, can provide you with the opportunity to make important business contacts, as well as gain information that is important to your business and the surrounding community. Educational workshops and seminars are presented for our businesses and their employees.

Business Referrals—The Chamber of Commerce office is a primary information source for visitors and residents. Our staff continually refers customers and clients to members who provide the desired product or service. We also promote our Chamber members through rack displays exhibiting your information or promotional brochures. General information such as state, county and local maps, local and regional brochures, newcomer packets, calendar of events and other promotional items are also available. Our website is www.burlingtonchamber.org.

Chamber Ambassadors—serve to provide introduction, assistance and visibility for new businesses. They are a dedicated group of individuals who, through their time and talent, provide assistance throughout the Community.

Government & Legislative Representation—A Chamber board member is dedicated each month to attend and participate in city council meetings and town board meetings. Our legislative liaison organizes meetings with elected state, county and local officials.

Meetings

Executive Committee meetings are held on the second Wednesday of each month in the Chamber office.

Board of Director meetings are held on the fourth Wednesday of each month. We welcome and encourage attendance by any chamber member. Our elected officers and directors serve as your sounding board and encourage your views on how to make Burlington a better place to live and work. A primary goal of our Chamber is to maintain and enhance an atmosphere for community growth and development for all professionals, while fostering a high level of citizenship.

Community Marketing and Tourism, Community Development, and Planning/Treasurer Committee meetings are scheduled throughout the year. Those individuals wishing to participate are urged to call the Chamber office.

Business After Hours events are scheduled throughout the year providing members an opportunity to meet and network with one another.
